## *Come to the Well... Living Free*

In Samaritan villages, the water well was a gathering place where women met one another to draw water and share pieces of their lives. The well was also where the Samaritan woman first encountered Jesus and was spiritually healed, after which she shared the Good News with those in her village. This conference will provide teachings on how we can abide in Christ, listen and learn His truth, and come to a place of freedom. We can stop searching, running, hiding, longing...and simply come to Jesus.
